Also standard: PASS-Key II, a totally passive oil temperature, coolant temperature, instant or theft-deterrent system that is designed to help keep your new Corvette safe and secure. Only your special ignition key starts your 1994 Corvette.

PASSIVE KEYLESS ENTRY

A unique-to-Corvette standard feature. When set to do so, your key fob unlocks one or both doors (your option) as you approach your Corvette and locks them as you leave. This is a totally passive system: you do nothing. There's even a built-in security feature that prevents the doors from locking when the keys are left in the ignition.

ROCK AND ROLL NEVER SOUNDED SO GOOD.

Listening to music in a Corvette is not like listening to your home stereo. It's better.

Delco and Delco/Bose sound systems are tuned exactly to the acoustics of Corvette. From speaker design and placement to receiver features and controls, music in a Corvette is a carefully considered science.

DELCO AM/FM STEREO WITH CASSETTE TAPE PLAYER

This high-performance stereo is standard in the Coupe and the Convertible. Features include cassette tape player with automatic reverse, electronic tuning, four speakers, power antenna, and an integral digital clock.

DELCO/BOSE GOLD SERIES AM/FM STEREO WITH CASSETTE TAPE PLAYER

The gold standard in automotive sound. Features include six tuned Bose speakers with 200 watts of natural sound, and a cassette tape player with auto-reverse. This Delco/Bose system is optional in Corvette Coupe and Convertible.

DELCO/BOSE GOLD SERIES AM/FM STEREO WITH COMPACT DISC PLAYER AND CASSETTE TAPE PLAYER

This outstanding top-of-the-line Corvette sound system is standard in the ZR-1 and optional in other models. In addition to the features of the radios listed above, this six-speaker stereo features an integral compact disc player and a cassette tape player. Another world-class feature of this stereo is automatic speed-compensated volume: the faster you go, the louder the volume.

A WORD ABOUT ENGINES

Chevrolet vehicles are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

A WORD ABOUT ASSEMBLY

Chevrolet vehicles are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolet vehicles incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolet vehicles and will provide the quality performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

A WORD ABOUT UPDATED SERVICE INFORMATION

Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.

IMPORTANT: A WORD ABOUT THIS CATALOG

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.

GM PROTECTION PLAN

The available GM Protection Plan offers service protection in addition to that provided by GM's new-vehicle limited warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.
